*We Are FriendsWithYou*, featuring contributions by **Pharrell Williams**, **Alejandro Jodorowsky** and **Peter Doroshenko** is the first comprehensive book by the L.A.-based artist collaborative [FriendsWithYou](#). Triggering transcendental experiences through emotions and interactivity, **Samuel Borkson** and **Arturo Sandoval III** colorfully illustrate their journey as artists, revealing new insight into their growing body of work. The artists will sign copies of the book in-store at MOCA Grand Avenue in tandem with an interactive experiential installation in the courtyard for all of LA to play.
