FriendsWithYou's *We Are FriendsWithYou* has been released by publisher **Rizzoli**, and to celebrate, the duo of Samuel Borkson and Arturo Sandoval III will be signing books and providing fans with an interactive experiential installation in MOCA's Grand Ave courtyard. Sure to be a delight, participants will also be treated to a musical environment by Money Mark and have the opportunity to purchase limited edition products. The monograph includes contributions by Pharrell Williams, Alejandro Jodorowsky and Peter Doroshenko and is FWY's first comprehensive book. All the fun takes place between 3-6pm on Saturday May 31 at MOCA's Grand Ave location. Check the **MOCA website** for more information.
