FriendsWithYou is a book compilation of photographic images compiled of fine art by Samuel Borkson and Arturo Sandoval III with contributions from rapper Pharrell Williams, playwright/filmmaker Alejandro Jodorowsky and director of the Dallas Contemporary Museum Peter Doroshenko. They have been working together since 2002 determined to spread the word of magic, luck and friendship. Their sole purpose is to distribute the message of becoming friends with you from an artistic, powerful and joyous perspective.

The quality, textures, colors and photography of this book surely makes good for a cool collectors item. Hint hint incase anybody wants to send me one. Take a look at some of their most popular art pieces and instillations sectioned off per gallery below. You can see a sneak peek on the inside of the book and purchase it at rizzoliusa.com.
